

Administration

- [PROPLAN configuration](#)
- [Create a project](#)
- [Work with projects](#)
- [Administration](#)
- [Access rights](#)
- [Project vertices](#)

Overview

All this information can be understood as the master for each PROPLAN project. At the same time, it also includes the rights of the PROPLAN admins. They serve to get a faster workflow in the creation of projects. Taking good care of all the data in this chapter will help you quickly create new projects and improve your workflow.
