## Rights and rolls in PROPLAN

The PROPLAN user interface is applied differently depending on the assigned rights for the users

User	Rights and rolls in PROPLAN
Administrator	<ul style="list-style-type: none"><li>• Write access to all projects</li><li>• Access to admin functions (Gear icon top right e. g. user administration and master key points)</li></ul>
Projectmanager+	<ul style="list-style-type: none"><li>• Write access to all projects</li><li>• Can create new projects</li></ul>
Projectmanager	<ul style="list-style-type: none"><li>• Write access to a project if he/she is signated as a project manager in the project data</li><li>• Reading access on all projects</li></ul>
Team member	<ul style="list-style-type: none"><li>• Reading access on all projects</li></ul>
Data administrator	<ul style="list-style-type: none"><li>• Reading access of projects</li><li>• Write access to checklist and management summary</li><li>• No permission to delete documents and measures</li></ul>

Note: Access rights can also be restricted to the project type.
